

Our Product and Services

We Deliver:

- Transforming education through digital, audio, and teacher-focused solutions.
- Smart Classrooms, Virtual Labs, Audio Learning, and Skill Education — empowering students and educators alike.
- We enable schools to teach efficiently, enhance learning, and align with NEP 2020.

Smart Digital Classroom

(NEP 2020 - Digital Education)

- Enhance classrooms with engaging, touch-based learning solutions.
- Support real-time collaboration, multimedia content, and dynamic teaching experiences.
- Available sizes: 65", 75", 86", and 98" to suit diverse classroom needs.

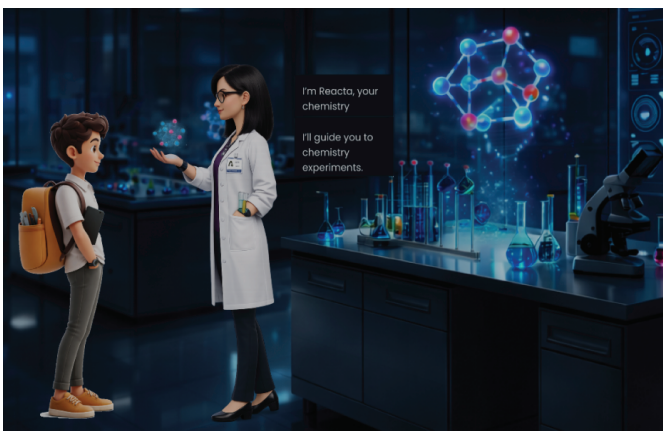

Projects : Smart schools, Digital library, Science lab, Corporate presentations, Video conferencing.

Digital Science Lab (Virtual Lab)

(NEP 2020 - Digital Education)

Innovative project of DPDC Maharashtra under GR-202

Upgradation for existing science lab and helps where physical science lab is not built.

- An interactive platform offering real-time science simulations.
- Provides step-by-step guides and instant feedback for effective learning.
- Designed for **Grades 8 to 10** to support curriculum-aligned learning.
- Enables hands-on learning anytime, anywhere, ideal for schools with limited lab resources.

Projects : Science lab, Smart classroom, Virtual lab, Elearning, Science library.

Ikakey Audio Learning Lab

(NEP 2020 - निपुण भारत योजना)

- **Audio Learning Labs:** Screen-free lessons to boost listening skills.
- Interactive audio, storytelling & sound activities for engaging learning.
- **Grades 5–10**, aligned with **SSC Board** syllabus.
- **Languages:** Marathi, English, Semi-Medium.

Ikakey Audio Box

(NEP 2020 - निपुण भारत योजना)

- Ikakey Audio Learning Box: Preloaded with **SSC Board** syllabus content for **Grades 5–10**.
- **Languages:** Marathi, English, Semi-Medium.
- **Screen-free learning**, no internet required.
- Just plug in headphones or speakers for an intuitive, accessible, and enriching experience.

Ikakey Audio Learning App

(NEP 2020 - निपुण भारत योजना)

- Ikakey Audio Learning App: **Mobile-friendly** platform for flexible, **on-the-go** education.
- **Grades 5–10**, aligned with **SSC Board** syllabus.
- **Languages:** Marathi, English, Semi-Medium.
- Offers curated audio lessons to enhance **comprehension** and **retention**, **anytime**, **anywhere**.

Projects : निपुणभारत, Language labs, Audio learning lab.

E-Learning

(NEP 2020 - Digital Education)

- Engaging Digital Learning for **Grades 1–10 (SSC Board)**.
- Features **MCQs, games, and animated videos**.
- Easy to install, user-friendly, compatible with Windows and Android.
- Includes **chapter-wise exercises**.
- **Balbharati Registered**.

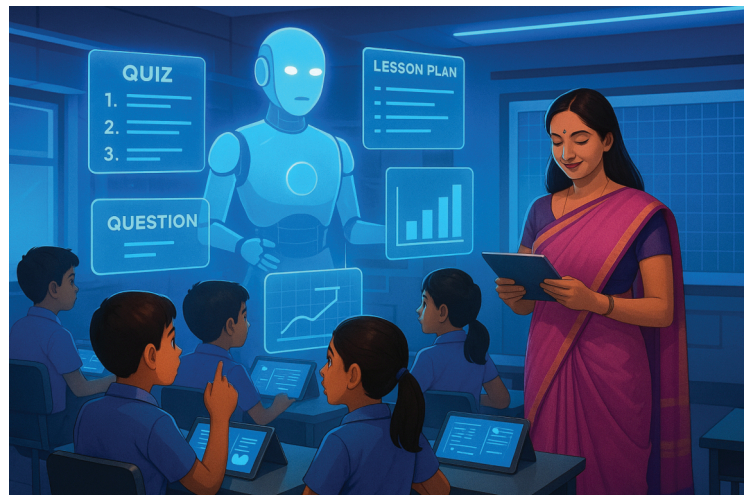

Projects : Smart schools, Digital classroom, Audio visual learning, Remote learning.

Ai Teaching Assistant

(NEP 2020

CPD - Continuous Professional Development)

- **AI Teaching Assistant:** Smart tool to automate lesson planning, question papers, and content delivery.
- **Reduces workload and enhances classroom efficiency.**
- Aligned with **NCERT** and **SCERT** syllabus requirements.

Teachers Training

(NEP 2020

CPD - Continuous Professional Development)

- **UMED (Panchakosh)-based** holistic program integrating **AI in Education**.
- Aligned with **NEP 2020 skill** compliance.
- Promotes **Value Education**, strengthens **Spoken English** and **Digital Literacy**.
- Develops key **Soft Skills**: confidence, collaboration, and leadership.
- Delivered through a blended learning model combining online and offline methods.

Projects : NEP compliance, Capacity building for teachers, CPD (continuous Development of teachers)

Science Lab (with equipments)

- Hands-on Learning Lab: Sparks curiosity & innovation.
- Equipped with microscopes, models, physics kits, chemical apparatus & digital sensors.
- Enables experiments & real-world applications in Physics and Chemistry.
- Safe, easy-to-use, curriculum-aligned.
- Builds critical thinking, observation & analysis skills.
- Perfect for schools combining practical & theoretical learning.

Skill Education

- Practical courses in Electronics, Robotics, Gardening, Plumbing, Carpentry, and more.
- Tech courses covering Artificial Intelligence, Mobile App Development, Web & Graphic Designing.
- Language learning self-paced, mobile-friendly content for flexible access.
- Hands-on practice through our interactive Virtual Lab.
- Ikeykey Audio App for on-the-go learning and revision.

Career Guidance and Aptitude Test

- Career Guidance & Aptitude Testing: Helps students discover strengths, interests, and future pathways.
- Uses scientifically designed psychometric assessments for insights into abilities, personality, and learning styles.
- Expert counselors provide personalized career recommendations.
- Empowers students to make informed academic and professional decisions for a successful future.
